INFORMATION DISCLOSURE STATEMENT

Commissioner of Patents  
Washington, D.C. 20231

Sir:

Applicants wish to bring to the attention of the Examiner the documents identified on the attached form PTO-1449. Applicants respectfully request that these documents be made of record in the present application.

German Document No. DE 40 25 616 C2 relates to a process for disintegrating, specifically defibrillating, and for bleaching of fiber materials by means of introduction of carrier gas and reaction gas, specifically ozone into a size reduction unit in the embodiment of a Fluffer, whereby the gas – the carrier gas and the reaction gas are intensively mixed with the fibers in the size reduction device, characterized in that after leaving the size reduction unit, the gas that is mixed with the fibers is directed to a reaction device, where the gas is separated from the fiber material that is now reduced in size and bleached, cooled and subsequently recycled into a closed loop in the Fluffer.

A copy of each of the documents is enclosed.

PATENT

This information is being submitted within three months after the filing date of the present application, or before the mailing date of a first Office Action on the merits.

Respectfully submitted,

Todd T. Taylor  
Registration No. 36,945
